Foreword

Many of us associate present day ever increasing discussions about the harmful plans and actions of authorities and governments against its people with irony and sarcasm. The purpose of this book is to establish context by which we can discern for ourselves. It is of value to every individual whose awareness of world events is expanding beyond one's own naïveté. The issues that have been addressed in this book are highly involved, and require a good deal of debate and reflection, however, the fundamental issues are unequivocally presented here.

The ideas that Chris Dorsey shares in *The Militia Handbook* improve not only awareness of oneself and ones environment, but also understanding of our relationship to God and the workings of the supreme law of the universe – the Natural Law. It is this aspect of the book that inspired its creation, or as Chris Dorsey says: 'God creates Man, Man creates government'.

Changes in the world result from changes in awareness. Thereby knowing that man can never be subject to its creation simply reflects the fundamental ancient teachings of liberty and freedom, which only come at the price of understanding that 'the truth shall set you free'.

Chris Dorsey goes directly to the core of the problem, and as the great teaching says: 'For the love of money is the root of all evil'. Money, power and slavery, be it mental or physical, are intimately connected. As Chris Dorsey explains: 'All man labors to create is his property'. However, when the ability of man to keep his property is destroyed by the constant devaluation of currency due to leveraging artificially created debt, man's freedom ceases to exist.

The fact that 'God creates Man, Man creates government' is also a great leveler, proof positive that the mighty and powerful are as vulnerable as the very least of us. Imagine a new world that is just within reach. Every transition has at its heart and by necessity, the incentive of

belief. This book is about the possibilities of expanded human consciousness, and the transition of the human species that is under way. The direction in which we move forward is according to the human Will, which we shall individually and collectively choose.

As John Locke, an English philosopher, once said: 'The end of law is not to abolish or restrain, but to preserve and enlarge freedom. For in all the states of created beings capable of law, where there is no law, there is no freedom'. Therefore, in order to free humanity from a perpetual slavery of the mind, body and spirit, Chris Dorsey and the Militia require the lawful arrest and standing down of the leaders of all corporations and governments, including all millionaires and billionaires, according to the requirements set in Article III, Section 3 of the U.S. Constitution on the grounds of treason, based on irrefutable evidence.

I am deeply honored to have this

opportunity to invite you to

**The
Militia
Handbook**

People, Government and the State of the World

The Zionist Shadow Government is at war with the people. Like all other military conflicts it is a war conducted by the secretive institutions that control Government. In order to save the planet the people must take decisive actions to depose the hidden power structure. This manual will give instructions for how the people can fight back against our common enemy using strategies to neutralize the criminals that enslave the planet (Ciment, 2013).

In 2018 life on Earth is pushed to the brink by numerous extinction level scenarios created by the leaders of the institutions that control world government. The Zionist Shadow Government or ZSG includes commanders of all banks, corporations, government, military and media. They share bloodlines, membership in the same secret societies and the ability to leverage the world's valuable assets. This handbook will arm the uncontrolled opposition with the capacity to detect, disrupt, degrade, and

destroy the tyrants raping the planet (Surhone et al, 2010).

The people of the world have been conditioned to accept the fact that government can eliminate the world population numerous times over through use of its nuclear/biological arsenal and that the right of the people to bear arms ought to be limited. We must change that paradigm.

God created Man, Man created government!

² “So God created man in His own image; in the image of God He created him; male and female He created them.”

Genesis 1:27;
(NKJV)

Government is formed for the purpose of serving people. More specifically, when speaking of the United States of America, the Inherent Rights of people are expressed in the founding documents. These rights have also been enumerated in countless international constitutions. Unfortunately, throughout history a hidden force exists that directs government and

enslaves the planet. The Zionist Shadow Government has usurped the people's authority in America through the suspension of the Constitution for the United States (Ibid.; Constitution Society, 1994). The US Constitution sets forward the rules for the government, which also enumerates some infinite rights of the people. The people ordain the government to serve our interest. It is explicitly written into the law that government and government agents are servants of the people (VA Declaration of Rights, Article 2).

3

However, at this time-in-reality, the public are slaves to government. The secret government leadership manages a global military directed police state based on financing all sides of continuous war. They produce artificial scarcity, environmental destruction and debt slavery. The leaders of all nations including Russia, China, and the United States are subject to follow the orders of the secret Zionist Shadow Government (Constitution Society, 1994).

Therefore, the people of all nations share a common enemy. The structure of the Zionist

Shadow Government is based on the control of money, military, and minds. The malevolent entities on top of the global pyramid scheme are carrying out contingency plans for the complete neutralization of a majority of the population not complicit in their scheme (Preston, 2013).

Full spectrum environmental and population domination is the goal of the ruling class. The operative tools and tactics of the Secret Government will be examined in this writing with the purpose of boiling the superfluous complexities of geopolitics down to material factors that are exhibited in the strategic command of the planet. Overseeing the global control grid are a network of transnational corporations, secret societies, central banks, the military industrial complex, and media. The Zionist Shadow Government finances all sides of every military/financial conflict, controls food production, money creation, and manufactures large scale extinction level poisoning of our habitat (Axelord, 1992). The endgame for the ZSG is underway! The time is now for we the people to eliminate this criminal enterprise

before it eliminates us.

We shall expose the most important elements of the Shadow Government and what it will take to depose the current system. The Government instigated end of the world scenario is presented to the public as logical while the God given and constitutionally enumerated right to bear arms through the corporate media is deemed irrational. The current balance of military power is the most dangerous inversion of the law of the land imaginable.

5

Through full government disclosure and transfer of assets to be controlled by the people a more fair and just system must & will ensue.

The Virginia Constitution and the United States Constitution

The Virginia Constitution in Article I, Section 13, states: “A well regulated militia, composed of the body of the people, trained to arms, is the proper, natural, and safe defence of a free state; that standing armies, in time of peace, should be avoided, as dangerous to liberty; and that, in all cases, the military should be under strict subordination to, and governed by, the civil power.”

6

This clearly dictates the people must always have superior firepower over the government. Under the law the Virginia Militia (the people) are the rightful stewards of the Pentagon and DOD infrastructure, and the Naval Station Norfolk including nuclear submarines.

It is important to note that the American Militia and the American People are one and the same. The creator of the Virginia Declaration of Rights, George Mason IV, described the oneness of the Militia to the people when he

states: "I ask, Sir, what is the militia? It is the whole people, except for a few public officials" (Madison, 1989).

The Virginia Declaration of Rights set the tone for the United States Bill of Rights which reiterates the need for a Militia in Amendment II, which states: "A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed."

All military and financial assets must be turned over to the people and monitored⁷ in every city, state and nation. The operative agencies, instillations, secret societies, families and individuals that under the law must be politically neutralized shall be enumerated. It is important to remember that your enemy are not strangers in far off nations. The enemy are the leaders of the institutions that control not only the American government but also every government that forwards the agenda of the United Nations and the Zionist International Banking Cartel.

In every nation especially
the United

States, the countries of the European Union, Russia and China the people must politically neutralize the stakeholder controlled governments. All elections are rigged, those who participate in the sham benefit only the adversary. The current judicial system with the treasonous Supreme Court and unconstitutional Bar Association must be tried and convicted for their supreme crimes according to the penalties set forward for high crimes in the common and constitutional law. The only way to save the world is to abolish the fraudulent system and remove the current 1% of wealth hoarders from influence by the use of any and all means.

Bill Clinton's Mentor & Georgetown University Professor Carroll Quigley states in Tragedy and Hope: "The power of financial capitalism had [a] far reaching plan, nothing less than to create a world system of financial control in private hands able to dominate the political system of each country and the economy of the world as a whole. This system was to be controlled in a feudalistic fashion by the central

banks of the world acting in concert, by secret agreements arrived at in frequent meetings and conferences. The apex of the system was to be the Bank for International Settlements in Basel, Switzerland, a private bank owned and controlled by the world's central banks, which were themselves private corporations. Each central bank sought to dominate its government by its ability to control treasury loans, to manipulate foreign exchanges, to influence the level of economic activity in the country, and to influence co-operative politicians by subsequent rewards in the business world" (Quigley, 1966).

Bank for International Settlements (BIS)

The Federal Reserve Bank takes orders from the Bank for International Settlements located in Basel Switzerland (Eizenstat et al, 1997). The BIS is the central bank of the central banks and controls nearly every nation on the planet through Basel III or the Third Basel Accord (BIS, 2010). Because a foreign bank controls the money supply and therefore every aspect of the government, American sovereignty and law is violated. The United States Constitution is the supreme law of the land, all government officials swear an oath to uphold the founding document of our country, therefore every official in this country is violating their oath of office. There is Roman Maxim that states: "Those who make the law must obey the law". Unfortunately the basis of our current system contradicts the truism. US government officials serve a cabal of bankers and are not magistrates of the people. The current Jewish owned usury based central banking system violates Article I,

Section 8; Article I, Section 10; Article IV, Section 4; Article VI; and most importantly Article III, Section 3 of Constitution for the United States. There is no lawful or legal standing for the US and Virginia Government in its current form. Taxes as well as enforcement of the unlawful statutes put in place by fraudulent actors engaged in dishonour to their oath are null and void.

The Bank For International Settlements is the central bank for the world's central banks. The¹ BIS is the lender of last resort and through Basel III sets the controls over every nation's central bank with the exception of Iran and North Korea, which it controls indirectly. The BIS is the Financial Agent for all international agreements. This global lender of last resort holds 10% of monetary reserves for 80 of the World's Central Banks including the International Monetary Fund. The Agenda of the BIS is set forward in a document titled The Bank For International Settlements: An Introduction presented by Jean-Francois Rigaudy Head of Treasury:

Agenda

I. Corporate purpose and structure

Article 3 of BIS Statutes:

“To promote the co-operation of central banks and to provide additional facilities for international financial operations”

II. Fostering international monetary and financial cooperation

Bi-monthly meetings of Governors: Global Economy, Review Meeting, All¹² Governors, G10, Emerging Markets.

III. The bank of central banks

Some 130 central banks, plus a number of international institutions, currently make active use of BIS banking services (Rigaudy, 2008).

Dark Occult and the BIS

When examining any criminal enterprise one must follow the money to properly comprehend its operation. The leadership of all nations works for the owners/stakeholders of the International Banking Cartel and belong to the same Judeo-Masonic Secret Societies (Christian, 2016; Nilus, 2009). All actions of the world government are predicated on extortion through the use of violence in order to consolidate power. The leadership of the₃ Shadow Government are dark occultists who practice black magic in order to manipulate people and events. The most powerful spell the satanic world order cast over the people is money magic.

The current owner class easily manipulates the mind, body, and soul of the people in exchange for worthless so-called currency created by doing nothing more than entering a code into a computer program. In order for one to eat and have shelter in the world one must have money or more accurately the

ability to leverage debt, the relative comfort of one's circumstances improves the more so-called money one has. Therefore those who have the ability to create money have control over the life and death of the people.

The US Constitution which is still alleged to be the supreme law sets forward strict rules to guard against exactly the kind of criminal global banking syndicate that sits atop world government today. Every industry on earth is based in the exchange of the currency¹ created by the International Banking Cartel. The hierarchical world government structure forces the people of the planet to become debt slaves to the owners of the international banking system. The stakeholders of the International Banking Cartel are magicians and their greatest trick is manipulating the people into trading their valuable property (Land, Lives, Lives of Children, Souls etc.) in exchange for illusionary currency mostly represented by digits in a computer program or in rare instances debt notes with esoteric symbols. The basis of the secret societies that pull the levers of power is

psychological control: the negative use of archetypal symbols to manipulate the unconscious mind is demonstrated on the physical money they create.

To begin our examination of the dark occult symbols on The Federal Reserve Note one must start with the magic word money, which is derived from the Latin Moneta, which is the surname of the Roman Goddess Juno. When one digs deeper it is revealed that Moneta is the Goddess of memory and the mind (Encyclopaedia Britannica, 2017). Further digging⁵ betrays the ultimate secret which is the mono eye or third eye symbology which appears as the so called all seeing eye of Ra levitating above the unfinished pyramid on our money (Lett, 2008; Hill, 2008). This represents the Pineal Gland also known as the third eye or in this case the mono eye situated between the hemispheres of the brain and is the seat of the soul which connects the left brain masculine hemisphere with the right side feminine hemisphere (Hall, 2015). The harnessing of water and energy are connected to the money

symbolism also. The currency flows down the river, which flows along a bank is identical to the money supply. Similarly in electronics a bank allows for currency leakage, which leads to a dissipation of energy.

The harnessing of energy is the basis of the New World Order Power Structure. The living earth along with all its inhabitants is forced to be the fuel for a machine that is intent for the destruction of the individual and our habitat. There are ¹⁶countless additional esoterically significant Illuminati symbols on our money including the repetitive use of the number 13 in the levels of stone in the pyramid, the number of letters in the phrase E Pluribus Unum (Out of many, one) or the 13 stars forming a hexagram appear above the Phoenix that holds 13 arrows (Lett, 2008; Navarro, 2001). The number 1776 is significant because of the formation of the Bavarian Illuminati more so than the writing of the Declaration of Independence (S.D.S et al, 2012). It is noteworthy also that two additional powerful connected occult numbers 72 which is the number of stones in the pyramid and 9 which

is the number of tail feathers on the Phoenix (Navarro, 2001; Gaunt, 1997). The world is run by symbols and they are hidden in plain sight. Even if one were to disregard every obvious occult symbol on the Federal Reserve Note, the fraud is also SPELLED on every bill. THIS NOTE IS LEGAL TENDER FOR ALL DEBTS PUBLIC AND PRIVATE. The Federal Reserve note is nothing more than an IOU, which is based entirely on debt.

Federal Reserve Bank

Money creation in the United States is exclusive to a privately owned foreign controlled central bank known as the Federal Reserve. In 1913 the Goldman Sachs, Rockefeller, Lehman, Kuhn Loeb; the Rothschild, the Warburg, the Lazard and The Schiff families unconstitutionally enslaved the American population through creating a global pyramid scheme called the Federal Reserve System. The System, which is commonly known as The Fed has brought numerous negative consequences including devaluation of the currency, reduction in American purchasing power and ever increasing military spending (Mullins, 2015; Henderson, 2011).

The United States Government is controlled by a Zionist International Banking Cartel through the Federal Reserve (Christian, 2016; Nilus, 2009). The Fed's existence violates Article I, Section 8; Article I, Section 10; Article III, Section 3; Article IV, Section 4; and Article VI of US Constitution. In the United States the

Federal Reserve Bank is the privately owned foreign controlled institution that lends money to government and enslaves the population through taxes, bonds, and interest. This practice of unscrupulous monetary control is known as usury, and must be abolished. The Federal Reserve Bank takes orders from the Bank For International Settlements located in Basel Switzerland. The BIS controls nearly every nation on the planet through Basel III or the Third Basel Accord (Eizenstat, 1997; BIS, 2010 & 2017). Because a foreign bank⁹ controls the money supply and therefore every aspect of the government American sovereignty and law is violated.

One of the most shocking aspects of the Zionist International Banking Cartel is their infinite monetizing of debt. Through the act of turning toxic holdings into derivatives the usury based banks have created over 1.5 quadrillion dollars worth of debt (Landman, 2015). This amount is many times more than every product that has ever or will ever be bought and/or sold. This is the height of absurdity.

Title 31 of US Code requires a yearly audit of the real assets of the Federal Reserve System, however this mandate has never been carried out. As with all valuable assets held by the ZSG the Militia must publicly document the Fed's holdings with twenty-four hour live surveillance video. The people must also publicly require the assets be turned over to them. Daily inventories and live video of all assets and every important function of the central bank must be subject to public monitoring. In order for a governing system to benefit its creator, the people must control the value as well as the distribution of our currency to benefit the many rather than the few. The owners and top stakeholders of the International Banking Cartel must have their assets frozen/seized, and be publicly tried, convicted, and punished to the fullest extent of the law.

Continuity of Government (COG)

Underground, Undersea Government Bases, Doomsday Seed Vaults and Underground Cities!

In every corner of the globe the Shadow Government operates underground cities, military bases and a transportation system, which connects them. Underground and undersea facilities have numerous purposes including weapons²⁵ deployment, command, communication, and the manufacture of secret technology, they also serve as an ark capable of preserving human life and food along with basic modern technology (Bates, 2017; Johnson, 2002; Kristensen, 2006 & 2005; Sepp, 2000).

The underground and undersea bases have storage and deployment capability for nuclear weapons. The facilities under the earth's surface are designed to deliver and withstand nuclear blasts. Undersea bases are capable of docking numerous nuclear submarines, which can strike after above ground facilities are obliterated. The institutions that control global

military superpowers including the United States have created a doomsday scenario through the proliferation of nuclear weapons and constant war crimes. The same institutions have created an escape route in case they purposely or inadvertently instigate a catastrophic event including but not limited to nuclear strikes inside the United States (Ibid.).

Modern warfare and suspension of rights is always fomented through a clandestine operation.

²⁶Terrorist attacks are carried out by the intelligence agencies acting on behalf of the Zionist Shadow Government. These attacks are blamed on uninvolved groups or individuals. A government plan called Continuity of Operations was installed as a result of the September 11, 2001 false flag attacks carried out against the American people by Zionists inside the US/Israeli governments (FEMA, 2017).

The Continuity of Operations is a federal initiative directed by FEMA and the Department of Homeland Security. "Continuity of Operations, as defined in the National Security Presidential Directive 54/Homeland Security

Directive-20 (NSPD-51/HSPD-20) and the National Continuity Policy Implementation Plan (NCP/IP), is an effort within individual executive departments and agencies to ensure that Primary Mission Essential Functions (PMEFs) continue to be performed during a wide range of emergencies, including localized acts of nature, accidents and technological or attack-related emergencies” (Ibid.).

The number of command and control bases operated by the Zionist Shadow²⁷ Government around the United States especially the District of Columbia is well established and rapidly expanding. Established Continuity of Government sites utilized include unspecified alternative underground command posts in Pennsylvania, Colorado, Virginia, West Virginia and Maryland. Site R Raven Rock Mountain, Pennsylvania along with Site C on South Mountain in Washington County, Maryland are two such areas. These installations located within miles of Camp David, Maryland are part of Pentagon Reservation and are known as Alternate National Military Command Center or

National Command Center Reservation. Sites R and C serve as a backup Pentagon and communications center (Public Intelligence, 2010; About Camp David, 2015; U.S. Department of Defense, 2011).

NORAD Cheyenne Mountain Complex in Colorado Springs, Colorado is another such facility. The NCMC was designed to protect the headquarters of the North American early warning and control network (jointly operated by the US and Canada) from nuclear attack (NAADC, 2017). High Point Special Facility in Berryville, Virginia also known as the Mount Weather Emergency Operations Center is another (FEMA, 2015). The Mount Weather site is an unacknowledged Continuity of Government (COG) facility operated by the Federal Emergency Management Agency (Ibid.). Mount Pony in Culpeper, Virginia is operated by the Richmond Federal Reserve for the transfer of electronic funds, gold and currency storage (FAS, 1998). The site was transferred to the Library of Congress in 1997 (Ibid.; Library of Congress, 2012). The White Sulphur Springs in

Greenbrier County, West Virginia was designed to house Congress (Gup, 1992). Peters Mountain in Albemarle County, an underground base owned by AT&T, is the destination for the Washington Intelligence infrastructure in case of nuclear disaster or a fed up populace clued into the treason of the government (Price, 2008; Monroe-Hamilton, 2015; Durden, 2015). Nearly 900,000 military, civilians, and private contractors hold top-secret clearance. There are thirty-three building complexes for highest-level security clearance workers that have been built since September 2001 or are under construction (Priest et al, 2015).

The Department of Homeland Security, which oversees much of the COG operations, has a new 3.4 billion dollar headquarters in the Anacostia section of The District of Columbia (McDermott, 2015). The new DHS headquarters is the largest government-building project since the construction of the Pentagon. The United States Government has created weapons of mass destruction arsenal that can wipe out population centers. However, these same

cowardly individuals have an underground escape plan while the rest of us deal with the consequences of mass catastrophe.

The number of agents with top-secret clearance throughout the US especially in the Mid-Atlantic region is rapidly growing. These individuals must be required to divulge all the information they know and defer to the authority of the Militia. The top of this military ZSG must be lawfully neutralized, while those of lower rank will be less severely dealt with as long as they follow orders from the people. The key to every lawful action of the Militia is public awareness, the people must have the capability to scrutinize the most important elements of government every second of every day. 24 hour public video monitoring of the agents and facilities that make up the power structure of the Zionist Shadow Government will ensure honesty. If the Shadow Government has nothing to hide they should be happy to be overseen by those they swear an oath to serve. Eventually these underground military bases and other secret facilities will be closed. However, public knowledge and control

over all top-secret military
weapons must be secured.

Implementing the Law

Preamble US Constitution

We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquillity, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

Virginia Declaration of Rights
³²in Article I, Section 2, states:

That all power is vested in, and consequently derived from, the people; that magistrates are their trustees and servants and at all times amenable to them.

Virginia Declaration of Rights
Article I, Section 3, states:

That government is, or ought to be, instituted for the common benefit, protection, and security of the people, nation, or community; of all the various modes and forms of government, that is

best which is capable of producing the greatest degree of happiness and safety and is most effectually secured against the danger of maladministration; and that, when any government shall be found inadequate or contrary to these purposes, a majority of the community hath an indubitable, inalienable, and indefeasible right to reform, alter, or abolish it, in such manner as shall be judged most conducive to the public weal.

Because government is a creation of the people in order to protect our God³ given rights, our ancestors wrote explicitly on the duty of the people to abolish any government which does not serve our interests. The institutions that currently control government are engaged in war against the people, and whatever tactic which is used by the government against the people can be used by the people against the government.

The Militia and the Solution

There are many who write on the hidden hand that enslaves the planet, however few offer solutions to neutralize the persons and institutions which carry out global tyranny. We as the Militia will offer not only the why but also the how in regard to destroying the unlawful criminal entity that runs the One World Government. The institutions that control government exist in violation of the law and must be neutralized. In addition to writing about the unlawful nature of the government we also put a bullseye on their owners/officers. It is always the case that a small group of dedicated individuals are the driving force behind change, the abolition of the Zionist Shadow Government will be no different. The first step is to gather a group of informed individuals who realize that if we do not act now against the government it will soon be too late. The usurping ruling class is aware that their grip on power is tenuous, which is why every media covered opposition group is in fact created by the government they pretend to oppose. The

Virginia Militia has infiltrated and exposed these controlled opposition groups over the past fifteen years and we have concluded that action and not empty rhetoric drives change.

The government rules through force. This compliance through violence model is made clear when one views the ever increasing deadly force exerted by the domestic occupying militarized police forces and murderous multinational war machine. The Militia as it stands now can not beat these³⁵ government forces fighting a battle on our enemies terms. However, with a small number and proper tactics the current unlawful government structure will be brought down like a house of cards.

As members of the Militia it is the duty of all to not only arm themselves with guns but also more importantly with wisdom and a video camera. The first step in dealing with any corporate or government entity is to record and disseminate all interactions. Establishing the criminal nature of government and identifying individuals engaged in crimes against the people is essential. The government

men and women in this country. It is time now to lawfully target the real criminals which are corporate and government leaders.

All who work for government and corporations are guilty of crimes and are subject to severe punishment. This fact will be used as leverage to make those in non-leadership positions assist in neutralizing the entities they serve and the bosses they once took orders from. Truth and straightforwardness is the key to combating a criminal government. The Militia above all must be fair and open about our lawful tactics.

Unlike our enemy, the Zionist Government, we will not target the innocent, nor will we use their satanic abuse of children. We will use all lawful tactics including constitutionally mandated capital punishment against those who chose to continue forwarding government sponsored child abuse.

The government has made clear they are unlawfully spying on the people. The Militia in response will expand our video surveillance of

corporate and government leaders. Not only will the Militia stake out and record our enemies while lawfully carrying firearms we will open source the names and addresses of our surveillance targets to the body of the people. Through current technology we have the capacity to monitor those who give the orders for the institutions that control the criminal government 24 hours a day and 7 days a week.

In every county, city, and state the Militia must have a force that can and will arrest⁷ those who hold the highest positions in government along with the top corporate/banking leaders who benefit from the criminal system. To initiate this policy which is the only way to guarantee freedom, the people must require the government to comply with the complete monitoring of their actions. Names addresses and current locations of all leaders must be available to the public. Periodic detentions and broadcasted debriefing of military, banking, government, and corporate leaders will enable public oversight of government as well as the ability to direct our servants as mandated by the

law.

The population of our once great nation has become dumb and cowardly, that being the case we must always deal in reality and turn everything to our advantage. Because of the immoral and unintelligent nature of our population the lower level order followers of the police and military can be pressured effectively. The practice of Meidung or Shunning used by the Amish is a tactic that must be used in addition to military practices (Kraybill et al, 2015). Shunning is social avoidance. It is an alteration of behaviour towards an individual who has wilfully violated rules in this case the rules of the United States Constitution. Proper propaganda techniques are key to encouraging a critical mass to engage in overt targeting of individuals carrying out crimes against the planet.

As members of the body of the people and the Militia we must recognize the unconventional rules of engagement our enemies use against us. Most but not all of the tactics employed by the Zionists are

asymmetrical. We have compiled a checklist which will assist the Militia in both neutralizing the enemy as well as restoring our authority over government. The Zionist Shadow Government is the modern day incarnation of the plan to create a One World Government controlled by the bloodline associated with ethnic "Jews" (Bowling, 2011). These well organized "Jews" have been a scourge on humanity throughout history and it is now time to eliminate their illegitimate authority. The Militia shall identify the individuals, institutions, and entities that have usurped authority over the people of the world. Additionally we shall provide the methodology to implement the lawful restoration of authority through the neutralization of the leaders and tactics of the Zionists who control government. Most importantly the people shall lawfully maintain control of all assets which are currently illegally held by the institutions that rule the unlawful occupied Government.

Zionist Shadow Government

Who currently controls the nuclear arsenal?

The American people are told we are not responsible enough to own a handgun, however the Jews have created weapons designed to destroy the planet. We have established that the Militia and specifically the Virginia Militia has the lawful authority to control all weapons of the United States military. We shall remind the people that in Article I, Section 8, of the Constitution for the US, a standing army lasting more than two years is prohibited.

The Zionist State of Israel has a plan known as the Samson Option designed as first strike strategy targeting every major population center on earth (Hersh, 2013). The Militia shall lawfully gain control of the US Arsenal and Neutralize the Samson Option using all means.

Who currently controls the Deep Underground Military Bases Continuity of Government?

Underground and

bases, doomsday seed vaults, and underground cities are used as an all purpose command center. The leaders of the Zionist Shadow Government are using these installations as an escape route and secret base of operations (Bates, 2017; Johnson, 2002; Kristensen, 2006 & 2005; Sepp, 2000). The Militia must gain command and expose all activity inside these facilities. The leaders of the multinational Zionist controlled shadow military will be tried and convicted for their Treason.

41

Who currently controls the International Banking Cartel, the IMF, BIS, World Bank, Fractional Reserve Banking, High Speed Trading, the Swift System and all other instruments of wealth distribution?

The body of the people has no power without our ability to maintain the value of our property. Under the Common Law all man labours to gain is his property. All financial policies in our country must cease to act only against the interest of the people. The assets of the people will be lawfully guaranteed through

enforcement of the Law of the Land. In addition all hard assets held by the central banks including but not limited to gold must be at all times open for public inspection. The policy of constant currency devaluation will be abolished and all leaders in the Central Banking/Financial industry shall stand trial for Treason.

The Nuremberg Principles state that a war of aggression is the worst of all war crimes because without aggressive war there is no torture, genocide, starvation, ⁴²refugee crisis etc. (Surhone et al., 2010). The Zionist Shadow Government uses False Flag attacks and media Psychological Operations also known as Military Information Support Operations (MISO) to initiate war, Martial law, the police state, and general encroachment on the God given rights of the people (MISO, 2017). Those who carry out False Flag operations such as the Zionist Shadow Government directed attacks of September 11, 2001 shall be brought to justice for their Treason.

The International Jew uses Freemasonry to exert control over all ethnic groups and nationalities (Ford, 1991). The leadership of

certain secret societies use their Judeo Masonic clubs to forward the Zionist agenda (Nilus, 2009). Those who use membership in secret societies to forward war against the people shall pay the lawful price for their Treason.

The leaders of the One World Zionist Government are in the process of depopulating the human race. This plan is enumerated in United Nations Agenda 21. Agenda 21 is nothing less than an all out unconventional war against the people of the⁴³ planet. The tactics and strategy of Agenda 21 are varied to include weather war, vaccines, geoengineering, Project Cloverleaf, chemtrails, promoting same sex relations & the genocide of the European people. All those complicit in Agenda 21 must face the consequences for their Treason (United Nations, 1993; WordPress, 2014).

The leaders of all governments from the Vatican, Moscow, Beijing, Washington, and Westminster etc., are all compromised through their sexual deviance and criminal nature (Taylor, 1999 & 2016). The leaders of the institutions

prostitution networks, the international drug trade as well as all international organ and gun trafficking operations (Heyman, 1999). Entities such as DARPA, Google, Microsoft, Amazon and Apple are nothing more than fronts for international Jewish organized crime (Exposing Communists in US Government, 2014; Brooke, 2012; Porterfield, 2012). This crime network leverages through force and blackmail overwhelming influence over all governments. Those who inflict trauma based mind control through programs such as MK Ultra Monarch Mind Control programming will be punished to the fullest extent of the law for their Treason (CIA, 1984).

The instructions used by the criminals forwarding the Jewish One World Government agenda is enumerated in the Protocols of the Elders of Zion (Nilus, 2009). The evidence is clear that the so called Jewish Zionists impose their malevolent will over all levers of influence/control globally. The Zionist plan has been horrific for humanity; it must be exposed and destroyed. The destruction of the current Zionist

power structure must be replaced with rule by the people. The vehicle for the restoration of the Rule of Law is the Militia.

Peace & God Bless,
